

Name: _____

PATTERNS & LOGIC

Reasoning Lab • Rules, Machines, and Patterns

Objective: *Find the rule, continue the pattern, and run the subtraction machine.*

DO THIS Find the rule, continue each pattern, and run the subtraction machine.

FIND THE RULE A pattern changes by the same amount each step.

EXAMPLE What is the rule?

100, 97, 94, 91, 88

Rule: subtract 3 each time.

CONTINUE THE PATTERN Write the next two numbers and the rule.

1

99, 94, 89, ,

Rule: ____

2

99, 96, 93, ,

Rule: ____

3

99, 96, 93, ,

Rule: ____

SUBTRACTION MACHINE Subtract 2 from each IN. Fill the OUT column.

IN	OUT (-2)
13	
46	
48	
53	

Every number that goes IN comes
OUT 2 smaller. The rule is the
same every time.

ODD ONE OUT Circle the number that does not fit the rule (subtract 2).

10, 8, 6, 5, 4, 2 — it breaks the pattern.

The rule was: ☐ subtract the same amount ☐ different each time

PATTERNS & LOGIC

Reasoning Lab • Rules, Machines, and Patterns

Objective: *Find the rule, continue the pattern, and run the subtraction machine.*

DO THIS Find the rule, continue each pattern, and run the subtraction machine.

FIND THE RULE A pattern changes by the same amount each step.

EXAMPLE What is the rule?

100, 97, 94, 91, 88

Rule: subtract 3 each time.

CONTINUE THE PATTERN Write the next two numbers and the rule.

1

99, 94, 89, 84, 79

Rule: subtract 5

2

99, 96, 93, 90, 87

Rule: subtract 3

3

99, 96, 93, 90, 87

Rule: subtract 3

SUBTRACTION MACHINE Subtract 2 from each IN. Fill the OUT column.

IN	OUT (-2)
13	11
46	44
48	46
53	51

Every number that goes IN comes OUT 2 smaller. The rule is the same every time.

ODD ONE OUT Circle the number that does not fit the rule (subtract 2).

10, 8, 6, 5, 4, 2 — it breaks the pattern.

TEACHER NOTES Answer key & guidance

Answers: constant-difference patterns
Common error: Assuming the rule changes between steps

Strategy: Find the constant difference between terms
Prompt: "How much smaller is each number than the one before?"

The rule was: ☐ subtract the same amount ☐ different each time
