

Gene's mother is a sewer. They had many customers

Gene's mother is a sewer. They had many customers last week.

1. Gene's mother has two pieces of ribbon. The white ribbon is 8 inches long and the pink ribbon is 10 inches long. Which piece of ribbon is the longest?
2. A customer wants her son's shorts shortened. The shorts are 15 inches long, but they should be 12 inches long. How many inches do the shorts need to be hemmed?
3. Gene's mother has 2 pairs of scissors. The blue pair of scissors is 10 inches long, and the red pair of scissors is 3 inches shorter. How long is the red pair of scissors?
