

INFERENCE & EVIDENCE

Q2 · Wk1

Grade 1

How Bees Make Honey

WISDOM

Hard work and teamwork turn simple things into something precious.

preceptor reads aloud

DO THIS

► Read the passage carefully.

READ · read carefully — you will answer questions about this

Bees work together to make honey. They visit many flowers and drink the sweet juice. They bring it home to their hive. Inside the hive, bees pass the juice from bee to bee. They mix it with special powder from flowers. Then bees fan their wings very fast. The juice becomes thick and golden. When it is ready, bees seal it in small rooms. Now they have honey to eat all winter long.

How Bees Make Honey

WISDOM

Hard work and teamwork turn simple things into something precious.

preceptor reads aloud

DO THIS

► Use what the text says and what you know to figure out more.

HOW TO INFER • read this worked example — see how the clues fit together

THE TEXT SAYS . . .

Now they have honey to eat all winter long.

WHAT I KNOW . . .

In winter, there are no flowers to get food from, so animals need to store food ahead of time.

SO I INFER . . .

Bees make honey so they have food to eat all winter long when flowers are not available.

YOUR TURN • read the question and write your inference

Why do bees work together to make honey?

WHICH WORDS HELPED YOU KNOW? • copy the evidence from the passage
