

DIVIDE AND CHECK

Check by multiplying back.

1 Remember

$$\begin{array}{r} 5 \overline{) 419} \\ \underline{40} \\ 19 \\ \underline{15} \\ 4 \end{array}$$

Check: $83 \times 5 + 4 = 419$

Tip: Multiply back and add the remainder to check your answer.

2 Solve each problem. Then check with multiplication and the remainder.

a $7 \overline{) 154}$

Check: $_\times_\ + _\ = _\$

b $2 \overline{) 193}$

Check: $_\times_\ + _\ = _\$

c $4 \overline{) 221}$

Check: $_\times_\ + _\ = _\$

d $7 \overline{) 238}$

Check: $_\times_\ + _\ = _\$

e $9 \overline{) 773}$

Check: $_\times_\ + _\ = _\$

f $4 \overline{) 376}$

Check: $_\times_\ + _\ = _\$

g $8 \overline{) 547}$

Check: $_\times_\ + _\ = _\$

h $9 \overline{) 512}$

Check: $_\times_\ + _\ = _\$

3 Solve the story problem

181 people need to cross the sea in boats that each hold 8 people. How many boats are needed?

Answer: _____

What about the remainder? _____
