

RELATIONAL SUBTRACTION

Mastery Check • Spiral Review

Objective: *Show what you can do on your own across the unit.*

DO THIS Work on your own. Use any strategy you have learned.

1 • CORE SKILL Solve.

1 $687 - 72 = \square$

2 $970 - 898 = \square$

3 $473 - 373 = \square$

2 • EQUATIONS Find the unknown.

1 $508 - \square = 342$

2 $\square - 115 = 305$

3 $631 - \square = 462$

3 • PICTURE & STORY Use the model and the story.

Liam had 80 leaves. He gave away 39. How many leaves are left?

$18 - 12 = \square$

4 • PROVE IT Solve and check.

1 $59 - 39 = \square$

$39 + \square = 59$

Self-check: ready need practice need help with the model

RELATIONAL SUBTRACTION

Mastery Check • Spiral Review

Objective: *Show what you can do on your own across the unit.*

DO THIS Work on your own. Use any strategy you have learned.

1 • CORE SKILL Solve.

1 $687 - 72 = \underline{615}$

2 $970 - 898 = \underline{72}$

3 $473 - 373 = \underline{100}$

2 • EQUATIONS Find the unknown.

1 $508 - \underline{166} = 342$

2 $\underline{420} - 115 = 305$

3 $631 - \underline{169} = 462$

3 • PICTURE & STORY Use the model and the story.

Liam had 80 leaves. He gave away 39. How many leaves are left?

$18 - 12 = \underline{6}$

4 • PROVE IT Solve and check.

1 $59 - 39 = \underline{20}$

$39 + \underline{20} = 59$

TEACHER NOTES Answer key & guidance

Answers: 615, 72, 100, 166, 420, 169

Common error: Strong on symbols, weaker on stories_models

Strategy: Mixed independent application

Prompt: "Which section showed a gap?"

Self-check: ready need practice need help with the model
