

SPIN & SOLVE

Spin, then Subtract

Objective: *Spin a number, write it in, and solve.*

DO THIS Spin a number. Write it in the box and subtract.

THE SPINNER Use a pencil and a paperclip to spin.

Hold a paperclip at the center with a pencil. Flick it to spin!

SPIN AND SOLVE Spin, write the number, and subtract.

1 $16 - \square = \square$

2 $16 - \square = \square$

3 $16 - \square = \square$

4 $16 - \square = \square$

5 $16 - \square = \square$

SPIN & SOLVE

Spin, then Subtract

Objective: *Spin a number, write it in, and solve.*

DO THIS Spin a number. Write it in the box and subtract.

THE SPINNER Use a pencil and a paperclip to spin.

Hold a paperclip at the center with a pencil. Flick it to spin!

SPIN AND SOLVE Spin, write the number, and subtract.

1 $16 - \underline{15} = \underline{1}$

2 $16 - \underline{10} = \underline{6}$

3 $16 - \underline{15} = \underline{1}$

4 $16 - \underline{1} = \underline{15}$

5 $16 - \underline{9} = \underline{7}$
