## MATCH & DRAW

Match Equations to Answers

Objective: Draw a line from each one on the left to its match on the right.

**DO THIS** Draw a line to match each one on the left to the right.

**HOW TO MATCH** Find the pair, then draw a line.

Each one on the left has exactly one match on the right.

**DRAW THE LINES** Connect each pair.

$$77 - 28 = \bullet \quad \bullet \quad 20$$

$$91 - 87 = \bullet \quad \bullet \quad 4$$

$$97 - 19 = \bullet \quad \bullet \quad 49$$

$$56 - 36 = \bullet \quad \bullet \quad 56$$

$$69 - 13 = \bullet \quad \bullet \quad 78$$
