

Break Apart a Ten

One ten becomes ten ones. The number stays the same.

1 Look at the thinking

1 Line up the places

Subtract: $50 - 22$

T	O
~~5~~	~~0~~
2	2
2	8

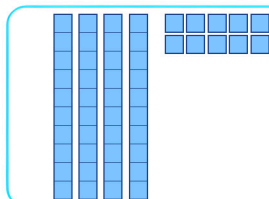

2 Do I have enough ones?

I have 0 ones.

Can I subtract
2 ones?

☐ Yes ☒ No

3 Break apart a ten

$50 = 4$ tens
and 10 ones

4 Subtract

$$50 - 22 = 28$$

Check:

$$28 + 22 = 50$$

2 Talk about it

Why did we
break apart a ten?

Did the number
change its value?

What do the new
ones mean?

How does adding
check our answer?

3 Try one

a Break apart:

T	O
8	1
2	9

b Break apart:

T	O
8	4
4	5

c Break apart:

T	O
8	3
6	8

4 Write it

a Check: + 29 = 81

b Check: + 45 = 84

c Check: + 68 = 83

Let every thing that hath
breath praise the LORD.
Psalm 150:6
