

Name: _____

MATCH & DRAW

Match Equations to Answers

Objective: Draw a line from each one on the left to its match on the right.

DO THIS Draw a line to match each one on the left to the right.

HOW TO MATCH Find the pair, then draw a line.

Each one on the left has exactly one match on the right.

DRAW THE LINES Connect each pair.

$$72 - 68 = \bullet \quad \bullet \quad 42$$

$$88 - 27 = \bullet \quad \bullet \quad 4$$

$$61 - 19 = \bullet \quad \bullet \quad 61$$

$$81 - 1 = \bullet \quad \bullet \quad 80$$

$$50 - 45 = \bullet \quad \bullet \quad 5$$
