

COORDINATE PLANE

PLOT • READ • GRAPH

Over first, then up.

1 The grid

Use the coordinate plane to plot points.

3 Two rules

Fill in the rules. Then complete the table.

First rule:

Second rule:

x	first rule	second rule
1	4	5
2	8	6
3		
4		
5		
6		

2 Read the points

Write the coordinates for each point.

A (_____ , _____)

B (_____ , _____)

C (_____ , _____)

D (_____ , _____)

E (_____ , _____)

F (_____ , _____)

4 Questions

Solve using the grid or the rules.

a) Which point is farthest to the right?

b) How many units apart are points A and D?

Rejoice in the Lord always.
Philippians 4:4
