THE STORY

For a long, long time, her body had been sick, and she was in a lot of pain.

She had gone to doctors and tried very hard to get better. But the pain just kept coming back, and nothing seemed to make it stay away.

THE STORY CONTINUES

In that very moment, the pain left. It didn't fade away slowly over weeks. It was gone all at once! The aches and the sickness that had bothered her for so long simply disappeared.

Cylinda could hardly believe it. God had touched her, and she felt wonderful!

Later, she went back to the doctors for tests, just to be sure. And guess what? The tests showed that the sickness was completely gone.

God had truly healed her!

Cylinda was so amazed and thankful that she wrote a whole book about it. She called it 'Suddenly,' because that's exactly how God healed her, all of a sudden!

In her book, she wanted everyone to know that her healing wasn't slow.

It was a sudden, supernatural touch straight from God.

Now Cylinda's story gives hope to people everywhere who are waiting for their own miracle. She reminds them that God is still the One who heals.
