

The Strength of Faith

Faith helps me trust God even when I cannot see the whole way ahead. The Lord is true, wise, and strong, and He never fails. When life feels hard or uncertain, I can remember His promises and believe that He is with me. Faith is not just a feeling. It is choosing to trust the Lord, listen to His Word, and keep walking in the right path. When I place my hope in God, my heart grows steady and brave.

Faith helps me pray, obey, and wait with peace. It reminds me that God is working even when I do not understand everything. I want to live with a believing heart and a willing spirit. The Lord is faithful in every season, and He gives strength to those who trust Him. In faith, I find courage, peace, and joy in the goodness of God.
