

Wisdom from Above

God is the source of all true wisdom. When we ask Him, He gives it generously to us. His wisdom is pure, kind, and good. It helps us see what is right, even when it is not easy. It guides our hearts, calms our worries, and helps us make choices that honor Him.

Wisdom from above changes the way we live. It teaches us to listen before we speak, to use kind words, and to think about others. It helps us walk in truth, even when no one is watching. When we follow God's wisdom, we grow closer to Him and become who He created us to be.
