

Walking in Truth

God is true. He never changes, never makes mistakes, and never tells a lie. His Word is true from beginning to end. Every promise He makes is real, and every story in the Bible teaches us about His goodness and faithfulness. We can trust God with all our hearts, because He always keeps His Word.

Walking in truth means we choose honesty, say what is right, and do what is good—even when it is hard. It means we keep our promises, tell the truth, and treat others with kindness. When we love what is right, we shine for Jesus and help make the world around us a better place.
