

DIVIDE AND CHECK

DIVIDE • MULTIPLY • CHECK

Divide first. Then multiply to check your answer.

1 Remember

Use multiplication to check division.

$$16 \div 8 = 2$$

$$2 \times 8 = 16$$

Tip: Check: answer times divisor = the first number.

2 Divide and check

Solve each problem. Then check.

$$1. \quad 27 \div 9 = \square$$

$$\square \times \square = \square$$

$$5. \quad 10 \div 5 = \square$$

$$\square \times \square = \square$$

$$2. \quad 20 \div 5 = \square$$

$$\square \times \square = \square$$

$$6. \quad 56 \div 7 = \square$$

$$\square \times \square = \square$$

$$3. \quad 45 \div 5 = \square$$

$$\square \times \square = \square$$

$$7. \quad 49 \div 7 = \square$$

$$\square \times \square = \square$$

$$4. \quad 54 \div 6 = \square$$

$$\square \times \square = \square$$

$$8. \quad 24 \div 4 = \square$$

$$\square \times \square = \square$$

3 Draw or model it

Show one problem another way.

Show $6 \div 2$ as equal groups.

4 Story problem

Read, solve, and explain.

Ruth had 24 bundles of barley. She tied them
into groups of 4. How many groups did she
make?

Answer: _____

Check: _____

Thy word is a lamp
unto my feet.

Psalm 119:105
