

# DIVIDE AND CHECK

DIVIDE • MULTIPLY • CHECK

Divide first. Then multiply to check your answer.

## 1 Remember

Use multiplication to check division.

$$40 \div 8 = 5$$

$$5 \times 8 = 40$$

**Tip:** Check: answer times divisor = the first number.

## 2 Divide and check

Solve each problem. Then check.

$$1. \quad 15 \div 3 = \square$$

$$\square \times \square = \square$$

$$5. \quad 12 \div 3 = \square$$

$$\square \times \square = \square$$

$$2. \quad 8 \div 4 = \square$$

$$\square \times \square = \square$$

$$6. \quad 36 \div 6 = \square$$

$$\square \times \square = \square$$

$$3. \quad 36 \div 9 = \square$$

$$\square \times \square = \square$$

$$7. \quad 24 \div 4 = \square$$

$$\square \times \square = \square$$

$$4. \quad 35 \div 5 = \square$$

$$\square \times \square = \square$$

$$8. \quad 56 \div 7 = \square$$

$$\square \times \square = \square$$

## 3 Draw or model it

Show one problem another way.

Show  $25 \div 5$  as equal groups.

## 4 Story problem

Read, solve, and explain.

Ruth had 54 bundles of barley. She tied them  
into groups of 9. How many groups did she  
make?

Answer: \_\_\_\_\_

Check: \_\_\_\_\_

Thy word is a lamp  
unto my feet.

Psalm 119:105
