

Jen and Joe brought their five children to the beach

Jen and Joe brought their five children to the beach last Saturday.

1. Two of the children are boys. How many girls are there?
2. They packed 6 packs of chips to go to the beach and the children ate 5 packs. How many packs of chips are left?
3. They also brought 8 apples and 2 oranges with them but 3 of the apples were rotten. How many apples were left to eat?
