Ashley, Bob and Clara are keeping score of the game they are playing. When a player wins a game, that player gets 5 points. If a player loses a game, the player has 3 points taken away. If it is a tie, every player gets 2 points.

1. Each of them has 20 points to start with. How many points do they have in total?
2. Ashley wins the first game. How many points does Ashley have after the first game?
3. Bob wins the second game. How many points does Bob have after the second game?
(Hint: remember to count the points Bob gets for the first game!)
