

**There is a vending machine in the school cafeteria. In**

There is a vending machine in the school cafeteria. In the morning, there are 7 packs of cookies, 7 chocolate bars and 5 bags of chips inside the vending machine.

1. Are there more cookies or more chips in the vending machine?
2. A pack of cookies costs 75 cents. A chocolate bar costs 80 cents and a bag of chips cost a dollar. Which one is the most expensive?
3. Sean has 5 nickels and 2 quarters. Which snack can Sean afford?
