

### Rounding numbers (up to millions)

Round to the underlined digit.

1.  $9\underline{8}1,763 = \underline{\hspace{2cm}}$       2.  $302,7\underline{4}9 = \underline{\hspace{2cm}}$

3.  $\underline{6}1,575 = \underline{\hspace{2cm}}$       4.  $127,\underline{8}96 = \underline{\hspace{2cm}}$

5.  $9,\underline{8}98 = \underline{\hspace{2cm}}$       6.  $76\underline{1},839 = \underline{\hspace{2cm}}$

7.  $23\underline{2},410 = \underline{\hspace{2cm}}$       8.  $59,\underline{0}45 = \underline{\hspace{2cm}}$

9.  $745,\underline{9}78 = \underline{\hspace{2cm}}$       10.  $\underline{2}34,017 = \underline{\hspace{2cm}}$

11.  $91\underline{2},839 = \underline{\hspace{2cm}}$       12.  $4,0\underline{2}8 = \underline{\hspace{2cm}}$

13.  $1,\underline{2}54 = \underline{\hspace{2cm}}$       14.  $\underline{3}81,851 = \underline{\hspace{2cm}}$

15.  $82,6\underline{5}6 = \underline{\hspace{2cm}}$       16.  $263,9\underline{0}1 = \underline{\hspace{2cm}}$

17.  $8,\underline{9}54 = \underline{\hspace{2cm}}$       18.  $7\underline{2},338 = \underline{\hspace{2cm}}$

19.  $2,\underline{2}79 = \underline{\hspace{2cm}}$       20.  $33,\underline{8}12 = \underline{\hspace{2cm}}$
