

**Long division by single digit (no remainder)**

Find the quotient.

1.

$$2 \overline{) 5,236}$$

2.

$$7 \overline{) 1,204}$$

3.

$$9 \overline{) 7,227}$$

4.

$$7 \overline{) 7,266}$$

5.

$$5 \overline{) 8,455}$$

6.

$$5 \overline{) 2,835}$$

7.

$$8 \overline{) 7,848}$$

8.

$$9 \overline{) 6,840}$$

9.

$$5 \overline{) 3,670}$$
