

Mrs. Hilt had 43 cents. She bought a pencil for 20

1. Mrs. Hilt had 43 cents. She bought a pencil for 20 cents and a piece of candy for 5 cents. How much money did she have left?
2. On Tuesday, Mrs. Hilt saw 88 raisins on a tray in the cafeteria. That was 8 more raisins than she saw the day before. How many raisins were on the table on Monday?
3. Mrs. Hilt bought carnival tickets. The tickets cost \$4 per ticket. If Mrs. Hilt bought 12 tickets, how much did she pay?
