

### Adding doubles mixed

Find each sum – use adding doubles:

*Example:  $3 + 4 = 3 + 3 + 1 = 6 + 1 = 7$*

$8 + 6 = \square$

$4 + 5 = \square$

$7 + 6 = \square$

$6 + 6 = \square$

$3 + 5 = \square$

$7 + 9 = \square$

$4 + 2 = \square$

$7 + 8 = \square$

$0 + 0 = \square$

$6 + 5 = \square$

$4 + 4 = \square$

$3 + 4 = \square$

$9 + 8 = \square$

$8 + 10 = \square$

$2 + 0 = \square$
